32 Imber Perimeter

Distance   31 miles/49.5km

Ascent   854 metres

Start/finish   Warminster Station, BA12 9BP

Leaving the station turn L onto Copheap Lane then R onto Elm Hill, to a path junction. Turn L and join the Imber Range Perimeter Path, uphill initially and trending north-west to Upton Cow Down (2.9 miles/4.7km). Turn R and follow the path generally north-east to the trig point on Stoke Hill (9.4 miles/15.2km). Take the Imber Path south-east to the A360 junction (13.1 miles/21.1km). Turn R onto the road briefly then bear R onto a path leading south but detouring through Tilshead, then south-west to the B390 in Chitterne (20.4 miles/32.8km). Shortly turn R on the Imber path, going west on a byway to a road at East Hill Farm. Turn L towards Heytesbury. Turn R above Heytesbury onto a footpath heading north-west over Cotley Hill, Scratchbury Hill and Battlesbury Hill to Sack Hill Road. Take this south turning R onto Elm Hill and returning to the start.

This is a waymarked trail with a canon logo and its name in green, it's marked on OS maps.
